

NZSSD is a national advisory body on scientific matters and clinical care and standards. The Society also works closely with Diabetes New Zealand and other lay societies. Its objectives are to promote the study of, and best standards of care, for diabetes in New Zealand.

The Society was established in 1977 and has around 400 members. The membership includes diabetes nurse educators and specialists, dietitians, podiatrists, optometrists, general and specialist medical practitioners, as well as researchers, non-clinical, community and industry health workers, all concerned in the care of people with diabetes. The Society enjoys close co-operation with the diabetes care industry.

In furtherance of these aims NZSSD holds an Annual Scientific Meeting. The Executive arbitrates the awards of research grants and also awards scholarships and grants. There is a newsletter (*Newsweet*) of information, events and general news of political, clinical and business matters in the New Zealand diabetes professional community.

The subscription year runs from 1st April to 31st March. The sub is \$80 per annum and \$150 for physicians GST incl. Bank is 02 0929 0230665 000. Cheques are payable to *NZ Society for the Study Diabetes*, and should be sent to:

Jan Brosnahan (NZSSD Membership Secretary) **Tel:** (03) 470 9193 **Email:** nzssdmembership@gmail.com
