Ruahine Street, Terrace End,
Palmerston North 4410
New Zealand

Dear MRS. Snell

Your request for information on the supply and availability of Lilly insulins, has been forwarded by your Lilly representative, Ms Lynette Wood.

We appreciate the opportunity to be of assistance.

This material is provided for educational purposes. It is intended for your information only and should not be copied or redistributed. It may discuss the use of products that are unapproved, unavailable or used differently in Australia/New Zealand. Product indications, usage, dosage etc. may be different from the Australian/New Zealand approved product information. For products available in Australia/New Zealand, please refer to the approved product information before prescribing.

Since the initial COVID-19 outbreak, Lilly has been closely monitoring our supply chain for potential impact to supply of our medicines around the world. Globally, our manufacturing network is fully operational and taking steps to prevent impact. We are in close communication with key suppliers to ensure supplies of raw materials. As the global situation evolves, we will continue to take the steps necessary to safeguard the reliable supply of our medicines.

Lilly does not anticipate any shortages for any of our products including all forms of insulin. Lilly medicines are available as normal.

For full prescribing details of all Lilly insulin products, please refer to the Data Sheet available from <https://www.medsafe.govt.nz/>.

The details of your query have been recorded on our database for any follow up by you or by Lilly if required. Please do not hesitate to contact us if you have any further questions or comments.

Yours sincerely,
ELI LILLY AUSTRALIA PTY. LIMITED
